EXAMINER'S AMENDMENT

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance.

Applicant's authorization for any additional fees was given in the after final amendment filed December 5, 2003. An extension of time for 1 MONTH(S) will be charged to Zerox Deposit Account No. 24-0037 the required fee of \$110.00 for this extension.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Marina Zalevsky on January 7, 2004. The application has been amended as follows:

In claim 1, lines 1-2, "suitable for use with" has been replaced with --in--.

In claim 17, line 2, "suitable for use with" has been replaced with --in--.

The above changes have been made to positively recite the thermal printer or thermal printing system as part of the invention.

3. The following is an examiner's statement of reasons for allowance:

Claims 1 and 13 have been allowed primarily for the invention being used in a thermal printer in which the print head or printing device is capable of moving over the paper. The

Art Unit: 2854

Osada et al. patent discloses a thermal head but makes no mention of moving the print head over the paper. Okamura disclose an ink jet printhead which does not contact the paper as a thermal print head does.

The method of claim 13 is allowed for similar reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
